Why choose REDOXGold™?

Unlike ASEA® Redox Cell Signaling Supplement, which doesn't have any competition on the market, many topical ointments claim to provide relief. This is how REDOXGold is different.

Leading relief ointment

- Oily or sticky texture
- Strong odors or bothersome aromas
- Burns skin and sensitive areas
- Temporary relief
- Not suitable for sensitive skin or all ages
- Doesn't work

REDOXGold™ with redox signaling molecules

- NO oily or sticky texture
- NO strong odors or bothersome aromas
- CALMS skin and sensitive areas
- SAFE for sensitive skin and all ages
- Provides RAPID, TARGETED RELIEF
- To put it simply, IT WORKS!
